boasting how he missed a pretty maiden. The other evening, as my friend Albert and I sat in my study, with our heels elevated on the backs of two chairs, and two glorious Havanas elevated from our lips, looking around through the cloud of smoke, I espied the evening paper lying on the table, which Tom in his usual quiet manner, had deposited there. Without in the least disturbing our dreamy cogitations, I picked it up, and began languidly to doze over its columns, when my eye lighted on the following paragraph, which, old bachelor like, I felt quite enough interest in to read aloud to my compan-

"TAKE THE LOT .- The young ladies of Aurora, Illinois, have resolved that if they didn't get married this year-leap year-somebody would be to blame. The senior class in William's college, have sent a communication to the Aurora paper offering to take the lot. They say that now, having been four years under college discipline, exiled from almost all intercourse with the fac similes of Adam's rib, we think Private entrance if required. Enquire at the Commercial Hotel. with Shakspeare, that there is 'a tied in the affairs of men,' and that the time for that knot has come to

No sooner had I finished than Albert, with a merry chuckle-nobody can chuckle like him; when he chuckles he chuckles all over-tapped me on the shoulder and exclaimed:

"Jupiter! thereby hangs a tale." "Ah, ah !" said L

"Would you like to hear it, Seth ?"

" Of course, if there is an end to it, and any point to the end :"

"Well, there are both, according to my way of thinking. Any how, with permission I'll tell the yarn. Of course you know where Aurora is one of the smartest towns in the West? It lies just below Geneva, on the Fox river, and is in Kane county. Whether the county was named after or for the North Pole Kane, and the town called Aurora because the Aurora Borealis shines brighter at said Pole than anywhere else, is a question that some future nomenclators may discuss; but one little item you may bet your life on—they raise the prettiest girls that ever made a fellow's mouth water."

"How do you know?" winter one whole month on business, and was I not at | chasing elsewhere. Aurora every day, to see our old friend Jack Spaulding, who has just hung out his shingle there and Jack is death among the ladies, he trotted me all John G. Lewis. around. Ah, Seth, you ought to go to Aurora-you The lot is about 75 feet on Kukui Street, and about 300 feet

"But the tale." "Why, you see, one glorious afternoon, when it was just cold enough out doors to make it comfortable by Jack's old Franklin, while he was dozing away over-somebody, I forgot who, no matter-on contracts, and I engaged in my usual occupation, reading Dickens, 'Suddenly there came a tapping, as of dence of J. H. Wood, Esq., on Nuuanu-street. It is unsome one gently rapping at the office door.' Jack, while visions of a fair client who wanted to get a divorce, or get rid of a testy guardian, filled his mind, cried 'come in !' and in walked two special consta-

bles of Cupid." "One was a noble looking girl-eyes as dark as the future to a fellow who doesn't know where his next meal is coming from, and cheeks as deeply red as a Cambridge professor. Ah, Seth, she was a perfect goddess: the other-well, I won't say anything about the other, for she hasn't much to do with my story."

"But how came they there?"

"Why, up the stairs and through the door, to be EVERETT, Esq. sure !- but their object?"

"Yes, their object !"

"Why, that was to invite us-yes, Jack and me, to a leap year ride-ball-supper, and all of that." " You ?"

"Yes, me; and she of the black eyes, too, was the identical one who would be very happy to have my company on a little sleigh ride to Geneva, to wind up with a little warm flip, a hop at ---- 's and a slide home by starlight." "Did you go?"

"Did I go? Jack went, and could I back out? Besides it isn't every day that a man gets such an offer. At 5 P. M., we started—one of the merriest crews that ever went any where: thirty single sleighs -they don't go in for your great double arks there. kind of produce. With a hip and a hurrah, off we speed, and over the They will be sold separately, and cheap. Persons wishing to road we skimmed, like a comet dashing along the purchase will please apply to milky way. The girls were excellent whips, and my black-eyed Kate was a 'Genesee Mills, extra superfine.' She had selected her steed with admirable taste -"As well as her beau" ---

"Get out! His neck arched like the Thames Tunnel, and his broad breast marked his noble strength, while his slender legs told you volumes for his swiftness, which were backed up by the very example. We went by them all-we did-and Kate led the grand procession, prouder, I dare say, than any Julius ever was of any triumph." "What did you talk of on the road?"

"Of the weather, the delightful sleighing, the differences in horses, &c. After supper came the hop —well, now it was a hop—none of your tame parlor dances, through which the parties go with the same precision that two old chess players move, who have played draw games for the last half century-no, sir! 1000 plain, figured and plaid Shawls, It was a regular Western hop-but if you want it 1000 doz. wove and knit Wool Socks, described any further, you must do it yourself, words can't express it-it was 'action, action, sublime, Godlike action'-that's what it was. But like everything else it had an end, and we were off on the road

what coquettish during the evening, and had with no | Streets, San Francisco. little satisfaction seen those black eyes still on me wherever I moved. Was I wrong to enjoy it? How often had I been served the same way. And when it came to go, of course I couldn't find my overcoat, and my hat was missing; so I called to my aid half-adozen misses, who sort of half hunted for them and half not, and under the shawl of one of whom I at last discovered the one, and under that of another the other—Kate all the while standing by, and looking fornia for invalids, and prescribed by them in preference to any other circumstances. And then I got into the wrong sleigh, of course, by accident, as you will perceive, when I tell you I slapped the naughty girl who kissed me for being where my room was better than my company, as she laughingly said. Kate, meanwhile, quietly standing with the ribbons in one hand, and ready with the other to help me in.

"But, as I said before, at last we were on the road again ; but what a change had come over the spirit of Kate. On her way up, she was all talk, mirth and fire : now she was all silence, abstraction and gentleness. Her very steed caught her sentiments, and, ing in part as follows: although he started off ahead, the acknowledged leader of the party, half a mile had not been gone, before every one was past him, and far gone out of sight.

"On we went upon a slow trot, the reins swinging as loosely as a clothes line in a gale of wind; at last they dropped from the hands of Kate and hung tremblingly over the dasher. And now, half asleep, half bewildered, I felt a gentle arm crawling stealthily around my waist, while my hand was clasped by tapering fingers, whose pressure grew every moment more perceptible; and then came the gentle weight of glorious curls upon my breast, and up-turned eyes of strangest beauty met my perplexed gaze. Where was I? Was it a dream? Or was I suddenly bereft of reason? Was it a voice I heard pronounce, with tremulous tone, yet strong accent :

" 'Albert, do you love me ?" " It must have been a dream. To be sure, my hand was clasped in hers-her little arm was around meher eyes right opposite mine—but then she didn't speak—that was all my imagination, and so I made Room of A. P. Everett, will attend to the business of Portward no answer, but merely drew a long breath, as one will, you know, when weary of a load lying upon his breast. The arm was clasped still tighter around me -my hand was fast growing beautifully less in width, and more in length beneath its warm embrace-Kate's black eyes were fast growing blacker and her face redder, when, with a rich voice, whose gentle

cadence I shall never forget till my latest day, she

"Yes, Albert I know you love me, and Heaven only knows how truly I love you !-will you-will

"Kate," replied I, at the same time, giving her a kiss to show my willingness. "Kate, you must ask my-wife."

It was too much. Kate took advantage of a woman's town. I left in the morning. If you ever go to Aurora, don't say any thing about it.
